Applicant initiated a telephone interview to discuss the office action mailed on 05 May 2006. During the interview:

Applicant clarified that the date in the response filed 21 February 2006, the date of Exhibit A (1988 materials) is a typographical error, and, the date should recite as 1988 materials.

Office had scanned a document as Rule 131 or 132 Affidavits, and, applicant had not filed any affidavit in the response filed 21 April 2006.

Applicant will review Exhibit A and inform the office what pages of Exhibit A can be considered of pages existing on or prior to 25 January 1999.

During the telephone interview in view of the claimed invention examine requested applicants to show where in the specification can the examiner find the support for "monitoring affirmative actions of the agent while he is accessing the server". Applicant will inform the examiner for this request.
